

## **PRINCIPAL'S MESSAGE**

**Dear Parents and Students**

**Dr. APJ Abdul Kalam says,**

**“Education is the most powerful weapon which you can use to change the world”**

**We at Ebenezer Marcus, consider it as a privilege to work with every student to encourage, nurture and develop the values in each child to make a better individual who in turn will contribute towards a better society. We believe that education leads to self realization. The talents, skills and abilities of each student is identified, nurtured and encouraged so that he/she is able to reach greater heights.**

**The management strives hard to provide the best infrastructure and the teaching methodology at school go on evolving to keep pace with the present scenario. We take best possible efforts to inculcate strong values along with scholastic and co-scholastic activities.**

**The institution has excelled in various fields of learning and our goal is to develop this centre of learning into a centre of excellence. I am confident that we shall soon achieve our cherished goal as a team . Coming together is a beginning, keeping together is a progress and working together is a success.**

**Every child needs a supportive environment at school and at home. Parents are the most strengthening power in moulding the future of children. I extend my gratitude to all the parents for their consistent support and faith in us . Parents are valued partners in our educational system and are encouraged to visit the school , consult with the staff and participate in the school activities. Let us work together to help our kids to set their goals in life and make their life a successful one.**

**Mrs. D.R. FIDELIS SUJA  
PRINCIPAL**
